18th Annual Production Sale

All 196 rams sold for a top price of \$7000 and an average of \$3518.

Rams were sold to New South Wales, Victoria, Tasmania, South Australia and Queensland and spirited bidding lifted the stud average to a new high and what is believed to be a Dohne record average, after snatching that title from another which had taken the record just a day previously. 26 bidders onsite were joined by 51 registered bidders and 26 viewers on AuctionsPlus.

Third in the draft was Macquarie Dohne 202622, which topped the sale at \$7000 when longtime clients David and Annie Berrell, Midgery Dohne stud, Walgett, returned to the Ballimore stud.

A grandson of Wardry 2966 and a twin son of MD180479 and out of MD163270, the ram had Australian sheep breeding values placing him in the top 20 per cent of the breed for post-weaning weight, and in the top 5pc of the breed for yearling clean fleece weight.

He had a Dohne Plus index of 167.1, also placing him in the top 20pc of the breed.

Of the gallery of buyers, there were 11 new clients of Macquarie Dohne stud that purchased rams.

With the support from Macquarie clients and the large numbers of new clients, it just shows why this was a cracker of a sale this year. The Dohne breed are breaking records left right and center this year.
