

Wardry

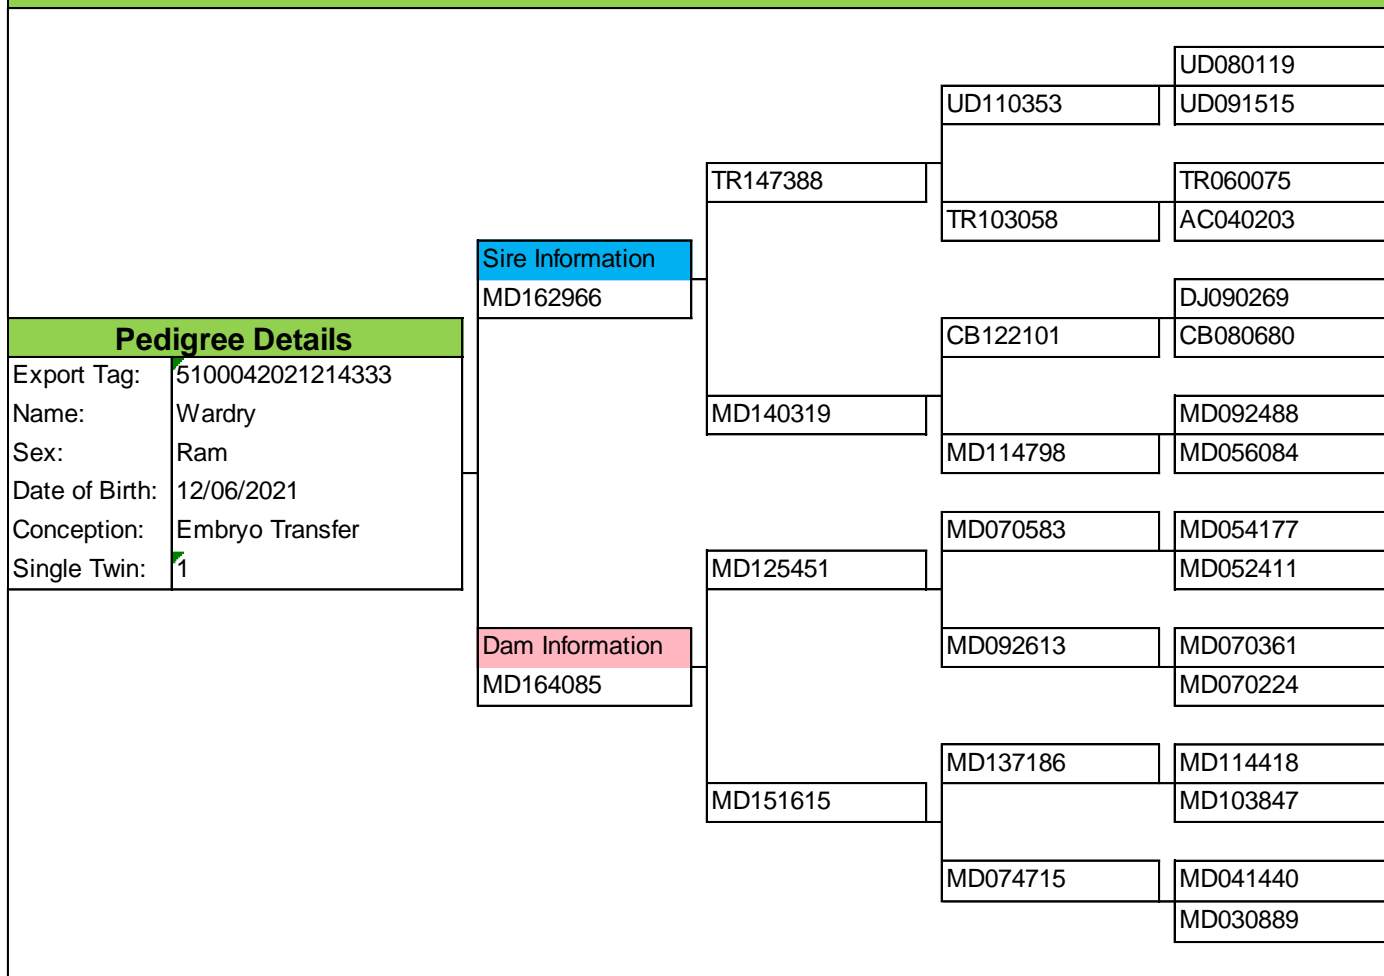

MD21-4333

x MD16-2966

An exciting young sire by MD162966 who also has a full brother retained as a sire. 4333 has the body and wool type we are aiming to breed. He is exceptionally deep bodied with a deep, wide twist and is structurally correct. He carry's a long, bright, soft and shafty, bold medium 60s quality fleece that tests exceptionally well.

MD214333
